

The map illustrates the Kellon eritasoliittymä (Kello special interchange) in Haukipudas. The main road is the Oulu-Aurora highway, which runs vertically through the center of the map. The interchange is located at the intersection of this highway and the Kello-Virpiniemi-Kiiminki road. The map shows various road signs, including directional signs for Haukipudas, Kiiminki, and Kello, as well as distance markers and speed limit signs. The map also shows the surrounding landscape, including fields and some buildings.

Key features and signs visible on the map include:

- Directional Signs:** Signs for Haukipudas, Kiiminki, and Kello, indicating the direction of travel.
- Distance Markers:** Signs indicating distances to Haukipudas, Kiiminki, and Kello.
- Speed Limit Signs:** Signs indicating speed limits of 100 km/h and 120 km/h.
- Interchange Details:** The map shows the complex interchange structure, including the main highway and the connecting roads.
- Surrounding Area:** The map shows the surrounding landscape, including fields and some buildings.
